Birth sign: Bloody Sagittarius!

Hair: Blonde and bloodstained!

Eyes: Green and calculating...

Interests: Animal welfare/rights, art (Dali, Giger - surrealismo baby!), Going to gigs, (black metal, electro, anything weird and wonderful). Also, I used to DJ, so I beat-mix for fun. I paint, draw and make art-shadowboxes. I'm also into horror, eating fire, freakshows and collections.

Fetish: Corsets, Latex, High Heels. More Interests: Serial Killers, moths, baroque, lace, memento mori, dolls, Haiti zombies, Fiji mermaids, rusty rotten stained stuff, photography, collecting My Little Ponies and other 80s toys, old clocks, martial arts, haunted buildings, anime/manga, skulls and X-bones, weaponry, ghosts, glamour, antiques, clowns, DJing, concerts, absinthe, champagne, perfumes, Halloween, jewellery, rhinestones, weird fashion, abandoned places, castles, myths, history, ghost ships.

Favourite bands: Old skool black metal like Gorgoroth, Trelldom, Gaahlskagg, Deathcult, Peste Noire, Deathspell Omega, Orcustus, Black Flame, Darkthrone and Old Mayhem, Morbid, Binaerpilot, Ost & Kjex, Trulz & Robin, Vesen, Aphex Twin, The cramps, Ilke, Twin Peaks soundtrack and The Village soundtrack, some classical and old skool breakbeat rave stuff, 80s tit pop like Sam Fox and Sinitta.

Favourite films: Ooooh... lots! *House of 1000 Corpses*, *Texas Chainsaw Massacre 2*, *From Hell*, *Bram Stoker's Dracula*, *Twin Peaks*, Tim Burton and David Lynch.

Favourite Books: Don't read much these days but old faves include: *Thus Spake Zarathustra*. I like ancient stuff about Vikings, mythology, witches and spells, ghosts, art. I love the books of Norwegian/Swedish writer Margit Sandemo, a Norwegian children's book called *I Morgentåkedalen*. I also love, love, love *Le Petit Prince*.

Loves: Myself, good gigs, interesting people, Japanese street fashion, animals of all sorts.

Hates: People (sorry, but it's true), animal testing and the fur industry, buses, trams, subways, pop fucking "music" - and Country while I'm at it!, rap gangsters and their stupid wannabe fans, people who got the brains but don't use them! I guess I'll stop it there before things get real nasty. I'm such a little ray of sunshine...
